

The Clinical Sleep Health Educator: An Evolving Role

Linda Hurley, RPSGT, CCSH
MDSS Treasurer

Why is this role growing?

- DME companies needing to cut services
- Growth in HSAT/APAP mandates
- Need for strong patient-focused education
- Outcomes based payments
- More paperwork for DME certification
- Need for physician extenders to stay competitive

CCSH: A Very Different Knowledge Base

- Epidemiology/population health
- Interplay of comorbidities
- Public awareness
- Focused on outcomes, patient education, disease management
- Critical thinking over rote memorization

Current Number of CCSH Credential Holders:195
